5000 to over **6,000,000** Registered Voters

EasyVote helps election officials improve how the election process is run in this country. As an industry leader, **EasyVote** automates each step of the election process to provide greater efficiencies, communication, and reporting to conduct successful elections with added security and transparency.

EasyVote Election Management Offers:

- **AFFORDABLE** software tools for state, local and city election officials to better run their office
- **EASY-TO-USE** solutions that are quick to implement
- **TIME SAVINGS** to complete routine tasks to free up resources to focus on other activities
- **ORGANIZED** and **EASILY ACCESSIBLE** data on poll workers, election inventory and assets, and candidates to make the most intelligent decisions
- **STREAMLINED** communication with poll workers
- **ACCURATE** chain of custody to ensure equipment makes it to the right place

EasyInventory

- Streamlines the inventory deployment and return process for each election
- Creates a warehouse storage structure/layout
- Provides the ability to update the “current” location of an item within the warehouse
- Maintains an accurate, comprehensive history for any piece of hardware, including maintenance scheduling and management

EasyTracker

- Tracks the storage and movement of critical election items
- Tracks ballots and election-related documentation and devices
- Defines workflows to streamline the process for storing and recording ballots
- Provides chain of custody to track processes from beginning to end with full audit trails

- ▶ Tracking the movement of ballot boxes throughout the election cycle
- ▶ Tracking the emergency deployment of equipment
- ▶ Tracking the delivery or pickup of items from service centers or ballot drop boxes
- ▶ Tracking the items that need tabulation
- ▶ Tracking the items that need destruction

EasyPollWorker

- Streamlines the process of managing your election workforce for Election Day and early voting
- Provides accurate, comprehensive records of each poll worker's work history, training, and performance
- Enables efficient communication with poll workers, and tracks all correspondence
- Transforms the process of scheduling training and managing workforce schedules

- ▶ Website portal for poll worker profiles and access to needed information
- ▶ Communication to poll workers via surveys, email and text messaging
- ▶ Assign poll workers to election work assignments
- ▶ Assign poll workers to election training
- ▶ Track poll worker expenses and produce payment reports

EasyCampaignFinance

- Automates the filing and management of the necessary forms for candidate eligibility and campaign finance reporting

- ▶ Portal for candidates to file campaign finance disclosures
- ▶ Tools for administrators to review and accept candidates and perform other tasks
- ▶ Portal for public viewing and searching of submitted campaign finance disclosures

EasyFocus

- A project and task management tool, designed for Elections
- Provides a real-time view of which stage a project is in and what is required to complete it
- Ensures an elections office never misses deadlines, and helps to accounts for the endless number of tasks required for a single election or project

EasyAbsentee

- Ensures annual applications, absentee by mail, and UOCAVA applications are tracked from beginning to end, giving election officials real-time visibility to the status of applications and absentee ballots
